UPCOMING EVENTS

THIS WEEK Week 5

Monday, 28 February

- ◆ Morning Tea, Infants Intensive Swimming Volunteers, 10.40am, Library
- ◆ Whole School Merit Assembly

Tuesday, 1 March

- ◆ Hearing Testing
- ◆ Years 1, 2 & 3 Class Meeting, 3.10pm, Mrs O'Briens room

Wednesday, 2 March

- ◆ Breakfast Club
- ◆ Western Region, Secondary Swimming, Cowra

Thursday, 3 March

- ◆ Primary Debating at Gulgong
- ◆ Swimming PSSA Carnival, Dubbo

Friday, 4 March

- ◆ Clean Up Australia Day
- ◆ Mudgee Show, Ag Students

NEXT WEEK Week 6

Tuesday, 8 March

- ◆ Uni Road Show, Mudgee, Yr 12
- ◆ Rotary Youth Drivers, Dubbo, Yr 11

Wednesday, 9 March

- ◆ Breakfast Club

Thursday, 10 March

- ◆ Crazy Hair Day
- ◆ Secondary Girls & Boys Cricket at Coolah

Principal's Report

Hello everyone. Infants Intensive swimming concluded last week with a mini carnival thoroughly enjoyed by students, staff and parents. Thank you to Libby Yeo for organising an excellent morning tea to celebrate the support provided by our parent helpers. I'd like to personally thank these parents once again as the program could not possibly take place without your support.

Funding has arrived for the "Crunch and Sip" program to be coordinated by Mr and Mrs Jane Elith. This is a health program designed to support good eating and drinking habits amongst primary students, and encourages the drinking of water and eating of fruit on a regular basis.

Parents need to be aware that the new Child Protection Policy for schools has two new categories, Education Neglect and Young People in Out of Home Care. Education is important to a child's wellbeing and development, this is why students with "habitual absences" can now be reported to the Department of Community Services. All Out of Home Care students are now required to have a special Independent Learning Plan developed by their teachers to support their development. All teachers and school support staff are required to update their Child Protection knowledge annually. While on Child protection it is a requirement by the Department of Education that all visitors who visit the school within school hours should sign in at the office. This does include parents and is a safety matter, so we ask parents who want to see their children through the day to report to the office first.

Thank you to Chris Bush for accepting two important roles in the secondary school this week. As one of our senior male teachers he is accepted the role of Boys Advisor and will also step into the role of Year 10 Advisor during Vince O'Brien's leave of absence.

Congratulations to Year 6 for your performance at last Friday's Primary assembly and well done

to James Stoddart for an exemplary display as compere for the show. It was very funny and a very enjoyable way to portray Australia's development as a nation. Well done Mrs Abbott for initiating the assemblies. Primary Assemblies are due to continue every fortnight, so parents, for a lot of enjoyment and to support your children make your way along to the hall Friday fortnight at noon.

Thankyou to Mrs Jane Stanford, Manager of the Commonwealth Bank in Gulgong who donated \$300 to the primary school in appreciation of our students participating in school banking over the past 80 years.

Another supporter of our school is Kate Boyd who has decided to donate \$20 to our Red Cross Breakfast Club on a weekly basis. This is fantastic Kate and should go a long way to supporting our students. All donations are much appreciated. Thankyou also to the many volunteers who support the smooth running of the Breakfast program, in particular Sue Lavender our coordinator and Janet Kubowicz who is our Red Cross Trainer.

I would also like to thank a number of people for supporting our school, by volunteering to participate in panels for the selection of executive staff.

This week sees our first Merit Assembly of the year taking place, hearing testing for students, the TAFE Horticulture Course for Year 9/10 students, District Swimming Carnivals in Primary and Secondary and the Debating Competitions take place. Good luck to all participants, lets hope for successful outcomes.

Enjoy your week.

Peter Campbell, Principal

Peter Campbell & Mrs Jane Stanford

INFANTS INTENSIVE SWIMMING 2011

INFANTS IN FOCUS

Kinder, Year 1 & Year 2

Thank you to Mrs Yeo for organising a lovely morning tea to thank our Intensive Swimming helpers. A huge thank you to all the people who helped with swimming lessons. It is a huge commitment but one that is greatly appreciated by myself, the teachers and the students of DCS. *Maria Abbott, Assistant Principal Infants*

This Wednesday, 2nd March all parents of Year 1, Year 2 and Year 3 students are invited to a parents meeting in room 4 (Mrs O'Brien's room) at 3.10pm. Mrs Elith, Mrs O'Brien and Mrs Lavender are going to explain our expectations and organisation for this year.

Kindergarten Welcome to week 5. Finally swimming is over and we can settle into "normal" classroom routines. A big thank you to all the parents who supported and helped us through the Intensive Swimming Program. The weather wasn't kind to us but we made it through and the children have learnt many new skills.

Kinder sounds this week are "g", "o" and "u" and our shared big book is "Mrs Wishy Washy". In Maths our topics are the number 4, equal and not equal groups, circles and full or empty. In HSIE we will be discussing children's likes and dislikes and in Art we will be drawing self portraits. Don't forget to send in a Library bag on Tuesday as this is our borrowing day and continue to learn your Peak Hill words and read your home reader. Congratulations to Meg Christensen our Student of the Week and to Karly Green and Harry Rookyard who received Merit Certificates. **Mrs Libby Yeo**

Kindergarten: Science & Technology The children are learning about Communication' and the many different ways we do this. They include using signs, sounds and signals. **Mrs O'Brien**

YEAR 1 This week we start our homework and home readers, they are in their folders today. For Homework I am sending the spelling words home to practice - at least twice. I am so impressed with the children's results in their spelling test! For English I have decided to make up a sheet of work with a 'cloze' passage to fill in the missing word. There is an extension sentence at the end-please do not ask your child to complete this if the work above on the sheet was difficult. For maths we need to practice our counting on and bridging to the number 10. Again there is an extension activity at the end-please do not ask your child to complete this if the work above on the sheet was difficult. I am trialling this method of homework at the moment-please let me know if it does not suit. I consider that we need to focus on these activities for the moment. Homework is due by a **Thursday** and in their folder please! I will attempt to change readers as often as possible-if you can spare some time it would be appreciated. **Mrs Sue Lavender**

YEAR 1 & YEAR 2 This week in Science we are learning about our senses, with plenty of fun activities planned! In PDHPE the focus is on healthy eating-most children have opened their lunch boxes and drawn the 'real' fruit - keep it up! Our class meeting is on at 3.10 p.m. in Mrs O'Brien's room on Wednesday 2nd March. Mrs O'Brien, Mrs Elith and I are talking about how the Year 1/2 and 2/3 classes work and our expectations. I hope that you can make it. Have a lovely week! **Mrs Sue Lavender**

Year 1/ 2 H.S.I.E This term they are both doing a unit called 'This Is Me'. We look at things that make them who they are such as their own features, their family and what they like or don't like. **Mrs Lorene O'Brien**

INFANTS IN FOCUS - CONTINUED

Year 2 This week our routine should return to normal. This will mean that homework will be sent out today and should be returned on Thursday. If possible your child should read aloud to an adult for 5 minutes each day to help improve their fluency and word recognition. The book [or magazine] does not have to be from school but can be from any library or home bookcase. In Maths we will be looking at subtraction, ordering of numbers and 3D shapes. **Mrs Lorene O'Brien**

YEAR 2 I am sending home your home readers today, please listen to your child read as often as possible and please praise all efforts. **Mrs Sue Lavender**

Year 2/ 3 H.S.I.E This term they are both doing a unit called 'This Is Me'. We look at things that make them who they are such as their own features, their family and what they like or don't like. **Mrs Lorene O'Brien**

PRIMARY NEWS

Years 3, 4, 5 & 6

- ☺ Hearing Testing of students will start this week.
- ☺ Scripture in Primary will start Friday, 9.00am - 9.30am.
- ☺ **SPORT:** All primary students will be going to the pool for Sport on Friday. Please ensure you bring \$2.00 pool entry.
- ☺ Please keep checking students hair on a regular basis for head lice and treat if necessary. If your child has head lice it should be notified to the school by a note.
- ☺ Please encourage your child to have a hat and a drink bottle for school.
- ☺ "Crunch and Sip" will be starting soon so please keep an eye on our school newsletter.

Mr D Elith, Assistant Principal Primary

Primary Sport: Good luck to the 23 students who will represent DCS at the Dubbo District Twilight Swimming Carnival on Thursday 3/3/11. All notes should have been returned today. Final details will be sent home soon. **Mrs Abbott**

Year 2/3 News this week will be International news. News of interest to the whole world. Homework starts this week. It is due back to school on Thursday, please note the change of day.

This Wednesday, 2nd March all parents of Year 1, Year 2 and Year 3 students are invited to a parents meeting in room 4 (Mrs O'Brien's room) at 3.10pm. Mrs Elith, Mrs O'Brien and Mrs Lavender are going to explain our expectations and organisation for this year.

Children are still welcome to take their books home overnight for covering but they must be returned to school the next day covered or not.

Tomorrow, Tuesday is our Library day and students are encouraged to change their library books on this day. **Mrs Jan Elith**

PRIMARY NEWS – CONTINUED

Year 5/ 6 - Science and Technology: This term we are looking 'Out in Space' at the planets in our solar system. If possible try to locate the International Space Station in the night sky and ask your child what they have learned about it so far. *Mrs Lorene O'Brien*

Year 5/6 Welcome to Week 5. Thank you to all parents, grandparents and friends who attended our Merit Assembly today. Your support of our school is appreciated.

This week in Maths Year 5 will learn about multiplication strategies, problem solving and chance. Year 6 will revise multiplication and learn about decimal, percentages and fractions and review 3D objects. Year 5 spelling words have the "ee" sound as in jeer and sheer. Year 6 will study the long "u" sound as in jube, include etc.

Our Debating team will travel to Gulgong on Thursday for their very first debate. The topic is "All children should have a pet" and we are the positive side. Good luck to Connor, Sarah, Natasha and Lachie.

I am very pleased with homework. Everyone in Year 6 returned their homework last week - FANTASTIC!

Homework Centre will be in the Library Computer room on Wednesdays at 3.10pm - 4pm. We really enjoyed presenting our first assembly last Friday. Thank you to everyone who supported our class we hope you learnt something about Democracy and Citizenship. Keep smiling and keep reading. *Mrs Maria Abbott*

SECONDARY NEWS

Year 8 Mathematics: Our current topic is Collecting and Organising Data, as we have just finished studying Pythagoras' theorem. This **Thursday** we will have a **topic test** to assess our understanding of this concept. To prepare for this test it would be a great idea to practise the review sets for **Pythagoras** from the textbook.

Weekly homework sheets are non-calculator based Naplan revision and are due Tuesdays. Remember homework centre operates on Wednesdays and Thursdays and I can help out at other times if you let me know.

Year 9 Mathematics: We have just finished our first topic for the year '**Wages and Salaries**' and will have a **topic test** on **Thursday**. The Chapter Assignment would be ideal practise for the test especially for those that have been away. Weekly homework sheets are due Thursdays. These sheets are non-calculator school certificate papers. Initially they will appear quite challenging, however students will quickly improve their non-calculator skills with practise.

Year 12 General Mathematics: It has been pleasing to see a slightly more focussed group of students this year and I look forward to further commitment and improvement. Our first **assessment task** is this **Thursday**, an open book task on Credit & Loans and Probability. Preparation should involve practising questions from the chapter assignments and past HSC questions related to these topics. Our weekly homework sheets are general revision from past HSC papers and are due Tuesdays. *Mrs R Hogden*

SECONDARY NEWS = CONTINUED

Year 12 Advanced English have been studying Mary Shelley's *Frankenstein* to start the first module of their HSC, which is a Comparative Study of Texts. Enormous in stature, formidable in strength, agile, highly intelligent, but hideous in appearance, Victor Frankenstein's hapless and nameless creation has a great deal in common with Year 12's English teacher. The students have been enjoying the novel immensely, and it has created much discussion among them about themes such as the origins and nature of life, positive and negative aspects of science and technology, the responsibilities of a creator to his creation, as well as the nature of evil and how it is influenced by external forces.

Anyway, as wonderful as all this sounds, English isn't so much about *enjoying* texts as it is about painfully dissembling and analysing them. Once we have finished intellectually butchering *Frankenstein*, Year 12 will be using it as a point of comparison with Ridley Scott's classic futuristic fantasy *Blade Runner*.

Year 12 Modern History are finishing up their *World War One* unit of study with a topic test this week, before going on to the next logical step, which is a study of *Germany 1919 to 1939*. Beginning with the Treaty of Versailles in 1919, the failed Weimar Republic and the hardships that Germany suffered during the Great Depression, a rare synchronicity of historical events was set into motion that resulted in the rise of a leader who many regard as the most evil man who ever lived. (Dramatic pause) ...Adolf Hitler. This is one of the most fascinating and frightening periods in human history and still stands as a warning to the world's population that people *can* be brought under the control of a totalitarian state, no matter how clever they think they are. As well as that, this period shows us that it can be ridiculously easy to convince a population that, in order for their country to be great, they have to kill a whole bunch of people.

Year 11 English have been examining the concept of *Journeys* this term in their Preliminary Area of Study. This is a unit that is designed to prepare them for their HSC Area of Study later this year and involves observing and analysing different text types that are based upon the themes and concepts of the journey. Our core texts for this unit are Homer's *The Odyssey* and Joel and Ethan Cohen's *O Brother Where Art Thou?* Year 11 have been applying themselves to these and other journey texts and are getting a great deal of information out of them, including the themes that are represented and the techniques that authors use to convey a message. Our analysis of the core texts will soon be complete, so students should be looking for their own journey texts for analysis, comparison and contrast with them, which will be the set task for their major assessment this term.

Year 10 English have been poised on the edge of their seats this term, as they have started a unit of work on the texts of *The Thriller/Suspense Genre*. In this, we have been examining some of the work of Edgar Allan Poe, such as *The Tell-Tale Heart* and *The Raven*, Alfred Hitchcock's *Psycho* and in future, we will be looking at some extracts from Bram Stoker's *Dracula* and maybe even some stuff from Stephen King and other authors. Year 10 have been enjoying this unit so far, and this week will be writing a film review on a classic thriller/suspense text. For their major assessment, they will be putting all of the techniques they have learned into a piece of creative writing that will be as scary as *The Blair Witch Project*, but not nearly as annoying.

Year 8 English have undertaken a unit of work on *Survival* this term and have been enjoying it thoroughly. Our major text for this has been Gary Paulsen's *Hatchet*, which is the story of a teenage boy from the city who is unexpectedly stranded in the Canadian forest and has to learn the skills of survival from scratch. As well as this, we have also been reading other stories of survival (or not), such as the ill-fated Burke and Wills Expedition and Douglas Mawson's Expedition to the Antarctic. Once we have finished reading *Hatchet*, Year 8 will be doing a research task on a real life story of survival, followed by their major Term I assessment. For their major assessment, I wanted to have each of them dropped at a remote location in the wilderness with some scant provisions and instructions to find their own way home, but the management stubbornly refused to approve it. So we're going to do some creative writing instead. Judging by some of the wild stories I've heard these guys tell in class, they should do okay at this.

Mr. E, English and History Guy

Student of the Week

K	Meg Christensen	Having a great attitude to school and always doing her best
1/2	Dylan Martin	Continuing positive effort in all areas
2/3	Leilah-May Flynn	An excellent week of being the jobs person
4	Hayden Brydon	Improved attitude in class
5/6	Connor Fergusson	Interest and participation in HSIE - Democracy

Merit & Special Awards

K	Harry Rookyard	Fantastic knowledge of his sight words
K	Karly Green	Being a happy positive class member
1/2	Riley Cowley	Improved hand writing
1/2	Laura Moorhouse	Always trying her best
2/3	Kyle Smith	Excellent effort in class
2/3	Harry Taylor	Excellent effort at all times
4	Byron Brown	Improved writing
4	Evan Erasmus	Improved class work
5/6	Arabella Watson	Interest in Art
5/6	Brandon Cooke	Trying hard with his work

HAPPY BIRTHDAY

Wishing you all a great day!

Daniel Green, 13	3 March 2011	Year 7
Bianca Fitzgerald, 9	3 March 2011	Year 4
Amelia Rawling, 11	6 March 2011	Year 5

Staff.....

Debbie Craggs 6th March

Clean Up Australia Day

Dunedoo Central School students will participate in Clean Up Australia Day on Friday, 4th March 2011 from 9.00am to 10.30am within the school grounds and town limits of Dunedoo.

All students will be provided protective gloves during the clean up and will have teacher supervision at all times. A full outline of the regulations for Clean Up Australia will be sent out to parents shortly.

We look forward to working together to make our community 'look beautiful'. All children are required to bring/wear a hat and sunscreen will be provided.

LOST PROPERTY: To prevent your child losing their property, use a permanent laundry marker to label clothes, hats and shoes, or sew or iron on personalised labels. Remember to go through your child's bag with them each night. If something doesn't come home, ask at the teacher, office staff and check the lost property.

P&C AGM

ATTENTION PARENTS!!! HELP!!! ATTENTION PARENTS!!! HELP!!!

We are writing to ask all new and existing parents of Dunedoo Central School to show your support for our school by attending our P&C AGM (and/or meetings generally). The 2011 P&C AGM is scheduled to take place on Thursday, 17th March 2011 at 7pm in the Library. Before the commencement of the AGM we will be having a short tour through our new rooms (hospitality and industrial arts) so you can see the improvements that have recently been made to our school.

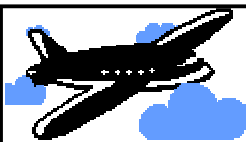

The P&C is about discussing problems arising and also ideas for our school. It is your chance to 'have a say' and also to find out what programs are being implemented into our school. The Principal and Deputy Principal attend each P&C meeting to discuss matters, and also to provide information to parents about staffing, courses, future development, programs (eg. *Mathletics*, *Spelladrome*, *Reading Eggs*). Recent and future discussions will include school uniform, nits, infant's intensive swimming, school fees, fundraising, school equipment, basketball courts/equipment, musical instruments, upcoming events including Deb Ball, Art Unlimited, just to name a few.

The P&C prides itself in assisting with providing facilities and equipment for the school and promoting the recreation and welfare of the students at the school. DCS encourages parents and community members to participate in curriculum and other educational issues involving our school. We are hoping to be able to promote interest in our school P&C Association by bringing parents, citizens, students and teaching staff in close co-operation.

P&C is fun, it's friendly and it's a free way to improve your child's education. The school and community are always pleased with the financial and educational benefits our work brings, so imagine if every parent found something they could contribute to the P&C meetings!! If you have any comments or suggestions for our school, or maybe there is something happening around the school that the P&C could help with... Please don't be shy come along and let us know.

THURSDAY, 17TH MARCH 2011 @ 7PM IN THE LIBRARY.

COME ALONG AND HAVE A DRINK, NIBBLES AND GOOD OL' DISCUSSION!

WHEN I GROW UP I WANT TO BE?????????

Air Traffic Controller

Air traffic controllers manage the safe and orderly flow of aircraft into, out of and between airports.

Air traffic controllers may perform the following tasks:

- ◆ Maintain radio contact with pilots to keep aircraft separated in “corridors” of controlled airspace, on air routes and near major airports.
- ◆ Make sure that aircraft operate only on pre-arranged routes and altitudes.
- ◆ Use radar to monitor and control aircraft movements
- ◆ Provide information and assistance to pilots and emergency services during emergencies.

All traffic controllers operate in shifts, often out of normal office hours, and are required to work on any day of the year.

Personal requirements: able to make quick and accurate decisions, aptitude for working with computers, confident, highly responsible, self-motivated, independent, be able to work in a team, good understanding and clear practical application of the English language, Australian citizen, at least 18 years of age, able to satisfy aviation medical requirements. Education & Training: To become an air traffic controller you usually have to gain your HSC with passes in English, mathematics and a science subject (preferably physics).

For more information please ask our Careers Adviser, Mrs Belinda Fergusson

TANC Cases for Student Laptops

Students are responsible for their computers and must protect them from breakage

Orders are now being taken for TANC cases for the 2009, 2010 and 2011 student laptops.

These cases are specially designed to offer maximum protection. They are lightweight and slim and can either be carried using the included shoulder strap or slipped into a backpack.

Cost is \$60.

The TANC case can be paid off. A minimum of \$20 deposit is required for the case to be ordered and then \$10 per week must be paid.

Orders must be in by 19th March.

Remember: a broken screen costs at least \$315 to repair.

Library Report

Welcome to the Premier's Reading Challenge 2011. Students in Kindergarten to Year 9 have until August 31st to complete the Challenge. Let us know if you want to participate. Our first Book Fair will arrive **next** Wednesday. Look for more information in next week's newsletter.

New books this week include:

Picture: *Why Should I Help?*, *Why Should I Listen?*, *One Hungry Spider*, and *Hot Wheels* (7 books)

Junior Fiction: *The Amazing Captain Underpants Collection* (first 8 books), *Silver Dolphins: Stolen Treasures*, *Dirty Bertie: Bogeys!*, *Timmy in Trouble*, *Goosebumps Horrorland* (12 books) and *EJ12 Girl Hero: Drama Queen*

Adolescent Fiction: *My Australian Story: Surviving Sydney Cove*

Non Fiction: *Murderous Maths*

Mrs E Abbott & Ms A Brydon

Dunedin Central School P&C presents...

2011 Debutante Ball

join us on

saturday, 9th April 2011

at

Dunedin Central School Hall

DOORS OPEN AT 7PM

DEBUTANTES PRESENTED AT 8PM

Dress: Coat & Tie

Tickets \$25 each

Available at D.C.S. Front Office

Bar Available B.Y.O. Supper
Live Band

Bacon & Pumpkin Pesto Pasta With Chicken & Sweet Potato

Ingredients

½ kilo Kent pumpkin, peeled, deseeded, cut into 2.5cm pieces
 ½ kilo sweet potato
 1 chicken breast
 500mls chicken stock
 Olive oil spray
 200g dried penne pasta
 150g short-cut bacon, thinly sliced
 60g (1/4 cup) bought basil pesto
 Shaved parmesan, to serve

Method

- ☺ Poach chicken in chicken stock gently for 10 minutes.
- ☺ Set aside.
- ☺ Preheat oven to 200°C.
- ☺ Line a baking tray with non-stick baking paper.
- ☺ Place the pumpkin and sweet potato, in a single layer, on the lined tray. Lightly spray with olive oil spray and season with salt and pepper.
- ☺ Bake in oven for 25 minutes or until tender.
- ☺ Meanwhile, cook the pasta in a large saucepan of salted boiling water following packet directions or until al dente.
- ☺ Drain and return to the pan.
- ☺ Heat a large non-stick frying pan over medium-high heat. Add the bacon and cook, stirring, for 5 minutes or until crisp and golden.
- ☺ Add the pesto to the pasta and toss to coat. Add the pumpkin, sweet potato, coarsely shredded chicken and bacon and toss until well combined.
- ☺ Divide the pasta mixture among serving bowls.
- ☺ Sprinkle with parmesan to serve.

CANTEEN NEWS

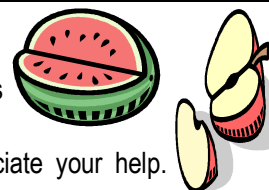

- ☺ Infants fruit starts this FRIDAY and will continue every Friday throughout the school year. The focus on infants fruit is to encourage all infants children to eat a large variety of fruits and they are more inclined to do so whilst in the company of other children and when the fruit is cut up in smaller portions. Over the 3 years infants student have "loved" their fruit on Friday and look forward to it every week. We ask that infants parents contribute one piece of fruit on Friday that can be cut up and served to children.

- ☺ As mentioned last week, a uniform order will be going away shortly for polo shirts, boys long pants and girls trousers. Please contact canteen should you require any uniform.

- ☺ As you see, our canteen roster is struggling a bit and we would very much appreciate your help.
- Thanks Lynn

CANTEEN ROSTER TERM 1 2011

28/2/11	B Fergusson	7/3/11	Nick
1/3/11	C Erasmus	8/3/11	Help Needed
2/3/11	Help Needed	9/3/11	Pat Upston
