DCS Public Speaking Competition

On Thursday 20th November 2014 the final of the DCS Public Speaking Competition was held in the school hall. The judge presiding over the final was Howard Evans and he commented on how well-prepared these students were and the amount of time and effort they had obviously invested in their presentations. Students were required to deliver a prepared speech and to then deliver an impromptu speech with only five minutes preparation time. The table below summarises the day's proceedings. Congratulations to all winners and finalists.

Principal's Message

Hello everyone. We hope to see as many parents and community members at our latest Production "the Black Tie Black Swan Awards" this week as it is going to be a good-fun show. There will be a matinee performance on Wednesday and an evening performance on Thursday. Tickets are selling very quickly. Students are very excited and the array of costumes is spectacular matching a selection of wonderful musical/dance items. It will certainly exhibit the talent of our Dunedoo students. Mr. Young our Director was very keen to attend but sends his apologies due to a Director's Conference in Sydney.

Our Public Speaking Competition concluded last Tuesday amidst an accolade of acknowledgement shown towards every student who was a finalist. Congratulations to the eventual winners, whose speeches were absolutely outstanding: Julia Stuart, Emma Gallagher and Kate Gallagher. Remember every student in the school participated in this competition which was well run by Mr. Wilson and Mr. Hall.

Our SRC students attended the National Leaders Conference in Sydney at which an array of motivational speakers provided incredible advice for young people who have an inkling towards leadership in their school, community and future workplace. Thankyou to Mrs. Abbott and Mrs. Lane for escorting the students.

At the P&C Meeting on Thursday night I asked the question why do people join the P&C? The parents said that they like to support the school so that they can make a difference for students and that they like to know what's happening. I then asked them what the P&C does to achieve this purpose? There were many responses including, providing a platform to impart school information to parents; a parent perspective on how the school is going; a place where concerns can be raised and ideas for improvement can be developed; an avenue for fundraising to secure vital resources and equipment; an opportunity to support school and community activities; a sounding board for School & Department of Education policies; a place to network with other parents, particularly new parents wanting to be part of the school community; a place for parents, teachers and other staff to interact. It was nice to be able to sit down and discuss in an informal way what our purpose is. This discussion was part of the new planning process prescribed by the Department of Education which requires Community consultation and input into the next Three Year Plan. We also evaluated the school and there were many good things suggested. Ideas for improvement included: reviewing the venue for Parent/Teacher evenings in the primary/infants school; ensuring that Homework is consistently set and marked; students needed more support in preparing for exams; concerns about whether there was enough supervision in the primary/infants playground; would like two-weekly calendar on the front page of the Newsletter; continue to look to purchase more Play Equipment in the Primary Playground; and there are still concerns about students being able to cross the road in safety before and after school.

We have also been evaluating the role of our Chaplain with both parents and the executive. Parents said that they enjoyed the articles in the Newsletter about developing young people and appreciate the work that the Chaplain does with various students who need support. The executive value the counselling and the small group work including running programs such as Rock & Water with certain students to help them with their resilience and anger management. The Executive know that with a school Counsellor visiting the school one day a week, the role of the Chaplain in continuing programs with particular students is vital and leading to successful results. They also believe that we are very lucky to have Beth Bowman, who is prepared to work with staff and has supported not only students, but also staff and other community members, including parents.

The Boys Group is continuing this term with Golf taking place on Fridays. We are also looking at a Girls group participating in Aerobics. Thank you for your continued support.
Enjoy your week.

Principal

Infants in Focus

"Come one Come all!" to the Big Production this week.

The Infants children are very excited to be performing for you and I think we will STEAL THE SHOW!!!! Tickets are available at the front office for Thursday night's performance. **Children will need to be dropped to their classrooms by 6pm on Thursday night.** Their costumes will be ready for them to put on when they arrive. Please ensure they have eaten before they arrive and have a water bottle with them. The children ARE NOT to be collected until after the finale of the production.

Homework Centre has finished for the year. I would like to thank Mrs. Yeo, Mrs. Armstrong and Mr. Kline for giving up their time to assist students on a regular basis.

There are still people who haven't returned their swimming notes. We need all notes back by the end of this week so we can finalise helpers and groups. A big thank you to those parents and community members who have volunteered their time to help us run this program.

Mrs. Maria Abbott

Kindergarten: Welcome to Week 8. We are very excited about the school production on Thursday and hope everyone has bought their tickets.

Please note: Students need to wear black shoes and white socks for the production dress up/costume.

This is our last week of homework, as we start swimming in Week 9 and the children get very tired. Home readers will still continue.

In Jolly Phonics we are completing revision activities and in Maths, our topics are 3D shapes and picture graphs. This Thursday is the last of the Earlybird's full days. They have been a delight to have at school and have fitted in very well. Don't forget to return swimming notes—we begin our program next Monday 1st December. Also, it is very important the children have thongs/sandals, a hat and t-shirt to walk to the pool. Putting socks and shoes on so many children ends up a nightmare. Congratulations to Shyloh Watton-Hogden our student from last week and to Fletcher Hogden and Shelley Cox who received merit certificates.

Mrs. E. Yeo

Hi Dunedoo

My name is Luke Elsley and I'm delighted to be on a teaching placement at DCS with Kindergarten.

I attend the University of Newcastle, studying Bachelor of Arts / Bachelor of Teaching Primary in my third year.

After two weeks in Dunedoo I have been made to feel very welcome by the staff and members of the community, especially after getting out to the various establishments and functions over the last couple of weeks.

I grew up in a coastal town called Whitebridge just south of Newcastle. Here I developed a love for music and sport, particularly rugby league and cricket. Both of these sports appear to be popular when I'm out in the playground which is good to see! Having played guitar for most of my life, I formed a band towards the end of high school which has seen me tour across most of the country and play at some major festivals.

I am very much looking forward to the school production, and finishing off my time in Dunedoo.

Year 1/2: Welcome to Week 8. Well..... The big week has finally arrived—Production Week!!! Tickets are selling fast for Thursday night's performance so I hope you have yours. All children need joggers for the performances on Wednesday and Thursday.

There will be disruptions to normal routines this week.

The Year 1 Spelling sound is 'aw' as in 'jaw' and 'saw'. Year 2 will study the 'le' suffix as in 'little' and 'middle'.

In Maths, Year 1 will be working with Mr. Morris and they will be learning about 3D Shapes—faces and corners.

Year 2 will study Data, Interpreting Graphs, Chance and 3D Shapes.

Mr. Morris has been doing some fabulous music lessons with the children and we are all enjoying Morning Fitness with Mr. Morris and Mr. Elsley.

This week is the last week for homework—we will continue to do Home Readers until Week 10.

Have a great week.

We're off to see the Wizard, the Wonderful Wizard of Oz.

Mrs. M Abbott

G'day Dunedoo

My name is Anthony Morris. I am studying a bachelor of teaching/arts at Newcastle University. As a part of our course we must take part in a placement out of area. Luke Elsley and I decided on Dunedoo and we couldn't be more pleased. I will be attending the school until December 5th. I've had a wonderful stay so far. The people of Dunedoo have been very welcoming and I've been privileged to attend several community events.

I am a musician and have been since my teenage years. As part of a rock band called Benjalu, Luke and I have been touring the country for the past 8 years. My musical background has made the transition to teaching easier. Incorporating music in my lessons increases student engagement and overall interest in school.

I hail from a beach suburb just south of Newcastle. When I'm not touring or going to university, I work at a local café as a cook. I also work at an after school and vacation care. I love all sports, especially soccer and I play every season for a Newcastle team. I surf when I can and love the beach.

If you see me around, be sure to say g'day!

Cheers

Anthony Morris.

It's good to see that I have had an Earlybird Mum already offering to volunteer at the Canteen, so I welcome Jessie to our team.

The Earlybird orders were put in last week so I will call everyone when they arrive. Please don't forget to collect any uniforms previously ordered. If I have already called you and you have not paid then I will need to put it back into stock by the end of the Term.

Thank you to Annette (twice), Belinda and Donna for your help last week.

National Young Leaders Day

"Nothing significant, enduring or amazing ever began that way ... GET STARTED!" was the theme of this year's National Young Leaders Day in Sydney. Mrs. Lane and Mrs. E. Abbott travelled with 11 students to attend this year's conference at Sydney Olympic Park Sports Centre with 2300 secondary students from across NSW.

Our presenters included: Lucy Thomas of Project Rokit (anti-bullying workshops), Jeremy Rolleston (winger for the Wallabies and Olympic Bobsledder), Alex Malley (author of *The Naked CEO* and host of *The Bottom Line* and the only person who was ever granted an interview with Neil Armstrong, the first man on the moon), NSW Youth of the Year—Genevieve Clay-Smith, who won TropFest and works with disabled actors in Bus Stop Films, Annabelle Chauncy—AFR Top 100 Women of the Year for her work in Uganda with School for Life and Rebekah Campbell (App developer—POSSE—for the greatest places on earth).

Who did we find the most inspiring?

Jacob Besgrove was selected to ask his question at the conference. He asked Alex Malley, "How did you feel before and after interviewing Neil Armstrong?" Mr. Malley's answer was "From Dunedoo, anything's possible. Find your Neil Armstrong."

Nicole Cooke	Genevieve Clay-Smith—She was funny like there'd never be a dull moment with her.
David Abbott	Jeremy Rolleston —Never stop chasing your dreams.
Harry Obst	Alex Malley —"The only time you grow is when you make mistakes."
Sam Foran	our host, Murray Bunton
Beau Taufa	Lucy Thomas - "Have the courage to be who you are."
Gabbi Johnston	Jeremy Rolleston—After he failed, he didn't stop until he succeeded.
Elle Lane	Lucy Thomas— People could relate to her. She had a talent that wasn't stereotypical. Jeremy Rolleston—He had a story of resilience.
Teighla Hickson	Jeremy Rolleston—He never gave up his dreams.
Kate Gallagher	Lucy Thomas—She told everyone that it was okay to be weird. Annabelle Chauncy - She was achieving her dreams and helped others achieve theirs.
Paige Thomson	Lucy Thomas—She was inspirational with "Follow the white rabbit!"
Mrs. Lane	Jeremy Rolleston—He just kept trying. "There is a difference between REGRET and DISAPPOINTMENT." Annabelle Chauncy with the School for Life and her work in Uganda.
Mrs. E. Abbott	Alex Malley—"When you fall, get up." and "Never listen to fear or embarrassment."
